*Our mission is to
provide a Fun, Safe, Positive
place for all children of the
North Country, under the
guidance of caring adults.*

BGCNC COVID-19 Update

November 12, 2020

I am happy to share the good news that the Department of Health has looked carefully at the specifics of our situation, and they have confirmed that the exposure risk to our staff and members, based on this current case, is minimal. According to the Department of Health, the Club member who tested positive for COVID-19 was not infectious while at our Club.

That being said, due to the rising cases in our communities, we will remain closed until November 30th, out of an abundance of caution. During that time, we will thoroughly clean, disinfect, and restock sanitation supplies to prevent possible exposure or spread of the virus. This closure will help to ensure all kids and staff are safe when the Club reopens. Should this date change upon the need for additional precautions, we will publish this information immediately, as we fully understand the implications our closure has on our community's children and families.

In the meantime, we are advising all our Club staff, families, and youth to continue to take preventative measures as recommended by the Centers for Disease Control.

Should you have any questions or concerns, please do not hesitate to contact me. As always, our commitment to our Club members and their families is unwavering and we appreciate your patience and understanding during this time.

Sincerely,

Sara Shovlin
